*All pricing is based on double occupancy and is stated per person.

**Child pricing is the same as adult pricing. Pricing for the third and fourth person assumes everyone is sharing the same room. If children are in a separate room, the double occupancy pricing applies. Space is very limited for the larger three and four person rooms and will be assigned based upon those with priority and those who register first. Please email events@yoli.com if you would like to have a larger room. The \$97 deposit will need to be made for each person you are reserving for.

Pricing Details

The pricing is based on double occupancy and no discount is given for a single person occupied room. Those that register as a single in a room will pay an additional 100% of the per person double occupancy price. If you register as a single traveler, you are responsible for either finding a suitable roommate for the trip or paying the additional fee. You may bring a guest as you are paying for the entire room. If you are registering as a single traveler and would like us to help you find a roommate, please submit your request to events@yoli.com. Roommate requests must be submitted by Dec 5, 2023.

All rooms are based upon double occupancy. If your group exceeds this, you must book multiple rooms. Or request one of the larger rooms as long as they are available. If you have registered multiple attendees and want to specify how your group will be divided between rooms at events@yoli.com.

Payment Details

You can reserve your spot with a \$97 deposit. You will need a separate deposit for each attendee. The cutoff period for your deposit is September 8th. After the initial deposit, you have a few options for paying for this trip. There are limited rooms available. You will be placed in line based upon a first come first serve basis and put on the waiting list if we run out of rooms. See terms and conditions below.

Option 1: Pay in full at the time of your registration. All deadlines still apply even if you have paid for your trip in full at the time of registration. Please see "Important Dates" for deadlines.

Option 2: Pay a deposit to secure your room and then be enrolled onto the Auto-Payment plan.

- A)** Purchase the \$97 SKU, which will then automatically enroll you in the auto-payment plan. The auto enrollment plan will be 5 additional payments of \$180. Your first auto payment will be processed on September 25. Then, you will be charged an additional \$180 on the 25th of each month until the final payment on January 25th, for a total of \$900 in auto payments. These auto-payments will be charged on your account and processed with the payment methods listed on your recurring order profile. If any of your Auto-payments decline, events@yoli.com will send you an email giving you three days to respond. If you do not complete your monthly payment, or email events@yoli.com within three days after the email has been sent, your spot will be released. Please see "Important Dates" for deadlines.

- B)** If you register for the trip after September 25th, you will also need to catch up on all of the previous monthly payments at that time. For example, if you register on October 27th, you will need to pay your deposit of \$97 AND complete your two payments of \$180 USD per adult for the September and October missed payments for a total of \$457 for each attendee. After this initial payment, you will then be placed on our auto-payment plan for the remaining payments. This auto-payment plan and the corresponding rules will apply as outlined above.

Option 3: Only Pay for your deposit if you qualify for ~50% of your trip before Nov 25th.

2024 Caribbean Cruise

If you have qualified for a spot on the trip with the amount of 50% or more, you would be required to put a down payment of \$457 per attendee to hold your spot. This amount is equal to the first deposit and the first two autopayments. Even if you qualify for your entire stay, you will need to place a deposit as Yoli makes a financial commitment on your behalf. Deposits will be refunded within 3 weeks after the trip during the normal commission process upon confirmation of attendance. If the primary account holder and members of the group do not attend the trip, your deposits for those individuals will not be refunded. Please note that this option will only apply if you qualify for 50% of your trip or more before Nov 25th. Otherwise, payments will be processed to keep you on the autopayment schedule.

Three and four person rooms: You must pay the \$97 deposit and the first \$180 autoship for a total of \$277 each for the third and fourth travelers to hold your spot.

Registration Priority

As rooms are limited, we will be assigning the rooms in the following priority. First priority goes to those who registered and gave their deposit for the Cabo trip. Second priority goes to all of those who attended the Breakthrough Conference in person. Third priority goes to all of those who attended the Breakthrough Conference virtually. If there are any rooms left after those three groups, the trip will be opened to the remaining Members based upon those who register first. Please note that to take advantage of this priority, you will need to put the \$97 deposit down by September 8 and then keep up to date with all of the payments as outlined in the payment schedule.

Other Payment notes:

All pricing is based on double occupancy. Refunds for payments above your qualification level will be refunded within three weeks during the normal commission process.

Deadlines for refunds can be found under important dates.

Eligibility for this trip is based on the qualifications. If you have qualified for 100% of the trip and are adding a guest, you must pay the full cost of their stay consistent with the outlined payment schedule. If you are qualified for 300% and are adding a third and fourth guest, you must pay the deposits for the first three attendees and the full cost of the fourth guest, consistent with the outlined payment schedule. All deadlines still apply even if you have paid for your guest in full at the time of registration. Please see "Important Dates" for deadlines.

Qualification Details

This trip can be earned on any Member's account. Eligibility will be determined according to the account through which the trip was registered. Please read through the following examples to better understand how eligibility works:

Registering alone, attending alone

2024 Caribbean Cruise

If you sign up as an individual and attend as an individual, you can qualify for up to 200% of the price of the trip. In this case, you would qualify for a room with single occupancy. If you qualified for 150%, and do not have a roommate, you would be charged 50% of the price.

Registering as an individual, attending as an individual

If you register alone on your account but attend with someone else, you will only be reimbursed up to 100% of what you paid on your account.

If, for example, you and your spouse go together and you pay on your account while your spouse pays on his/her account, you can combine what you qualify for collectively up to 100% on each account. To clarify, if you qualify for 50% and your spouse qualifies for 200% and you each registered on your own accounts, you would be reimbursed 50% and your spouse would be reimbursed 150% (together you would be capped at what the total cost for both attendees combined). Note that the 25% incremental qualifications would be applied separately to each account.

Registering two people together

If you register for you and a guest(s) on your account, and you both attend the event, the maximum amount you can be reimbursed for is what you paid or the value of your trip (up to \$997 USD/adult).

If, for example, you and your spouse register on your account and you earn 200%, you will be reimbursed 200%. If you and your spouse register on your account and you qualify for 150% while your spouse's account qualifies for 50%, you will also be reimbursed for the full 200%.

Registering more than two people

As the trip is earned in 25% increments, if you qualify for more than 200% and are bringing more than two people, the qualification earnings will be applied as follows. Each 25% earning is equal to \$250. Here are some examples. If you register three people, you will need to earn 250% to cover the 3rd guest. If you earned 225%, we would credit you \$250 toward the \$350 and then you would owe the \$100 difference. If you register four people, you will need to earn 275% to cover the 3rd and 4th guests. If you earned 250%, we would credit you \$500 toward the \$700 for both additional guests and then you would owe the \$200 difference.

Other registration notes

You must attend the trip in order to be reimbursed.

This incentive trip is considered taxable compensation on a 1099 or equivalent.

This program is for US, Canada, and Philippines Members only and is non-transferable and has no cash value.

Qualification Period

The qualification period for this event is from 8/25/2023 – 1/15/2024.

How to Earn: (~20 weeks to qualify)

- Personally enroll new members and customers between August 25 to January 15. Points are calculated based off of the CV of the new enrollee's initial order.
 - 100 CV=1 point
 - CV is calculated cumulative throughout the qualification period. For example, if you enroll someone as a subscriber and their initial order is 50 CV and then enroll a member and their initial order is 75 CV you would earn a total of 1 point and would have 25 CV that would be counted towards future points.
- You can earn points based on your personally enrolled members and customers subscribe and save and spot orders. Your personally enrolled member or subscriber must be enrolled between August 25 to January 15.
 - 100 CV=1 Point
 - CV is calculated cumulative throughout the qualification period. All orders, with the exception of promotional orders and CMP first orders, will count towards your cumulative CV, which will be converted to points. For example, you have member 1 who has a monthly subscribe and save that is 50 CV. You have member 2 who has two separate subscribe and save orders per month and each are 25 CV. For each month that their subscribe and save order is processed and delivered, you would earn a total of 100 CV or 1 point.
 - Orders that are returned would not count towards your qualification.
- CV is calculated cumulatively. The CV from your personal enrollments and their additional orders, excluding promotional orders, within the qualification period are added together to give your total points.
- Two exceptions as to how the CV counts toward points is: First, for the new promotional Member enrollment packs, which will count as follows:
 - Bronze = ½ points
 - Silver = 1 point
 - Gold = 2 points
- Secondly, the Priority pack will count as 4 points.
- Members must earn 25% minimum to qualify for reimbursement.
- Qualifications are earned in 25% increments (see table below). There is no cash value if you earn above the number of guests registered under your account. Members can only earn the trip in 25% increments. For example, if you have 17 points you will only have earned 25% of your trip.
- Members or Customers can buy into the trip and do not have to earn to attend.
- Cabo points will count toward this qualification. In other words, the points earned during Cabo qualifications will be added to the points earned during this qualification.
- \$97 deposit required to reserve spot (see pricing section)
- Points cannot be used to reimburse for flights.

2024 Caribbean Cruise

- Subscribe and save orders for customers that are acquired through the co-op marketing program will count. However, initial orders of customers acquired through the co-op marketing program and the profits share volume will not count towards qualification points.
- See point schedule below. This schedule would duplicate all the way up to 400%.
